MEMORANDUM

TO : Captain Corbett

Dear John:

(S)(3)
(S)(1) 5

Returning to you the [REDACTED] at their own request. Living having been too difficult in the Southern part of France, they have expressed great desire to return [REDACTED]

This involves a little problem of ravitaillment as their food cards have expired. Also the point arises of an identity card for [REDACTED] which at the present time is non-existent. (S)(1) It is very necessary, therefore, that you take the necessary (S)(3) steps to have the proper papers established with the Security Officer so that [REDACTED] can be properly covered [REDACTED] 5

Secondly food cards will have to be gotten as soon as possible for them. This may take days. Therefore, I suggest that in the meantime you draw the necessary food rations from the (S)(1) supply officer at Base. I wish also that you would expend (S)(3) every effort possible to meet all other requirements which they might require [REDACTED] 5

I hope you will have no inconvenience in this matter but as is often said "One does not adopt children to neglect them". I am sure you will do all in your power to see that they are well established [REDACTED] (S)(1) (S)(3) 5

Yours as ever,

HENRY L. HYDE
